RE-TESTING INFORMATION

If the Department re-tests, an individual who is on a current list has two options:

- The first option allows that individual to keep his/her original score and not re-test. They are positioned on the new list according to their original score. The original expiration date will still apply.
- The second option allows participation in the new testing process. If they successfully complete all the tests, they can then choose either score, old or new. If they successfully

complete all the tests, they can then choose either score, **old** or **new**. If the new score is chosen, they are placed on a new list, according to the numerical score, for its two-year duration. If they do **not** successfully pass the new testing process, they can choose their old score, and the original expiration date would apply.

NOTE: All testing is done within the Rules and Regulations of the Board of Fire and Police Commissioners, City of Rockford ordinances, and all applicable state and federal statutes.

PHYSICAL FITNESS ASSESSMENT TEST

After the initial application, the next step in the process to become a Rockford police officer is the taking of the Physical Fitness Assessment Test. This is actually a series of four separate events that will determine a candidate's fitness level as compared to a standard. Information concerning each event is listed on the following pages.

Initial Physical Agility Test Consists of: 4 Separate Events (3) of the events are pass/fail

The testing is scored off of a "single-cut point standard" for all, same job, same standard.

1. Sit and Reach (Suggested)
2. Bench Press (78% of your body weight)
3. Sit-Ups (30 in one minute)
4. 1.5 Mile Run (15.54 Minutes)

IMPORTANT

It is strongly recommended that a candidate prepare for the Fitness Assessment Test. It is also strongly recommended that anyone preparing for this series of tests obtain clearance from a competent medical authority before engaging in any physical activity.

On the following pages, there are separate sheets for each of the events, which are:

Sit-and-Reach Test
One Minute Sit-up Test
One Repetition Bench Press
1.5 Mile Run (Timed)

Applicants must pass each test - a failure on any one of the four test events removes the applicant from any further testing.

When a completed initial application is received by the Department, applicants are advised of when and where the Physical Fitness Assessment Testing will take place.

If you have any questions, please call the Recruiting Office at (815) 987-5838.

I. SIT-AND-REACH TEST

*This is a measure of the flexibility of the lower back and upper leg area. It is an important area for performing police tasks involving range of motion and is important in minimizing lower back problems. The test involves stretching out to touch the toe or beyond with extended arms from the sitting position. **The score is in inches reached on the scale stamped onto the top of the box.***

The applicant **must wear** shorts or long pants that can be pulled above the knees so that the knees are visible. They sit on the floor with legs extended in a box. The legs must remain rigid and down. In **stocking feet**, the heels touch the front edge of the box and are eight inches apart. With the slider set at the edge of the box, the applicant slowly reaches forward, pushing the slide with hands overlaid and fingers even, as far as possible, and holds the position, momentarily. The furthest distance reached on the scale by the fingertips is recorded. The scores listed are in inches and are the **minimums** that must be obtained.

| AGE | MALE | FEMALE |
|---------|-------|--------|
| 21 - 29 | 16.0" | 18.8" |
| 30 - 39 | 15.0" | 17.8" |
| 40 - 49 | 13.8" | 16.8" |
| 50 - 59 | 12.8" | 16.3" |

II. ONE MINUTE SIT-UP TEST

*This is a measure of the muscular endurance of the abdominal muscles. It is an important area for performing police tasks that may involve the use of force and is an important area for maintaining good posture and minimizing lower back problems. **The score is the number of bent leg sit-ups performed in one minute.***

The applicant lies on their back, knees bent, fingers laced behind the head. The applicant then performs sit ups touching the elbows to knees before returning to the starting position. The applicant performs as many sit-ups as possible within one minute. The applicant's feet will be held down by an assistant during the test. The scores listed are the **minimum** that a candidate must do in one minute.

POINTS TO REMEMBER WHEN PERFORMING SIT-UPS:

Hands must remain laced together, behind the head, at all times

When returning to the starting position, shoulder blades must touch the floor each time.

Cannot arch back and lift seat off the floor.

Sit-ups not performed properly will not count and will have to be re-done

| AGE | MALE | FEMALE |
|---------|------|--------|
| 21 - 29 | 37 | 31 |
| 30 - 39 | 34 | 24 |
| 40 - 49 | 28 | 19 |
| 50 - 59 | 23 | 13 |

III. ONE REPETITION MAXIMUM BENCH PRESS

*This is a maximum weight pushed from the bench press position and measures the amount of force the upper body can generate. It is an important area for performing police tasks requiring upper body strength. **The score is the ratio of weight pushed divided by body weight.***

The applicant lies in the bench press position and must push the percentage of body weight shown in the chart (one repetition only). A universal type machine will be used for this event. We cannot guarantee a certain machine. We are currently using the universal machine at Rock Valley College. But be prepared to perform your bench press with a substitute universal machine if the circumstances dictate. The score for this test is the maximum number of pounds lifted in one repetition, divided by body weight, which gives the percentage of body weight lifted. The scores listed are the minimum percentage of your body weight that must be pressed according to your appropriate category.

An easy way to determine the minimum amount of weight that you would have to press is to find the appropriate category for your sex and age. Then, multiply the percentage shown by your weight. Example: for a male 25 years old, weighing 176 pounds, the percentage shown is .98, thus: $.98 \times 176 = 172$

NOTE: Up to four lifts (warm-ups) are allowed to prepare for the maximum - the maximum push **must** be completed on or before the fifth push.

| AGE | MALE | FEMALE |
|---------|------|--------|
| 21 - 29 | .98% | .58% |
| 30 - 39 | .87% | .52% |
| 40 - 49 | .79% | .49% |
| 50 - 59 | .70% | .43% |

IV. 1.5 MILE RUN

*This is a timed run to measure the heart and vascular systems' capability to transport oxygen. It is an important area for performing tasks involving stamina and endurance and to minimize the risk of cardiovascular problems. **The score is in minutes and seconds.***

The times given are the **maximum** allowable time according to the sex and ages shown.

| AGE | MALE | FEMALE |
|----------------|--------------------------------|--------------------------------|
| 21 - 29 | 13:46 Minutes | 16:21 Minutes |
| 30 - 39 | 14:31 Minutes | 16:52 Minutes |
| 40 - 49 | 15:24 Minutes | 17:53 Minutes |
| 50 - 59 | 16:21 Minutes | 18:44 Minutes |

WHAT TO EXPECT

Once a candidate for the Rockford Police Department is notified that an opening exists and they are the next person to be hired from the Eligibility List, they can expect the following to take place:

PHYSICAL EXAMINATION

The physical examination will be scheduled by the Department after an individual is notified an opening exists.

An extensive physical examination is required by the City of Rockford to determine fitness to perform the duties of a police officer. The State of Illinois also requires a physical examination for entry into the Police Academy. And, the Pension System, a separate entity, requires a physical examination for entry into the Pension System.

PHYSICAL FITNESS ASSESSMENT TEST

An individual placed on the final eligibility list must pass the Physical Fitness Assessment Test before they can be hired. This is the same physical fitness test that is given at the beginning of the testing process. The test includes the 1.5 Mile Run, Sit-ups, Sit-and-Reach, and the Bench Press.

Be prepared to take this test prior to or upon arrival at the police training academy.

SWEARING-IN

Individuals who are determined to be able to perform the duties as required by the City of Rockford and the State of Illinois are then sworn in as police officers.

At this time, the new officer begins an eighteen-(18) month probationary period.

POLICE TRAINING PROGRAM

The training to become a Rockford Police Officer takes approximately 44 weeks from the date of hire. This is a long period of time that is very intense, physically and mentally demanding, and at times stressful. The steps of the training process are described below.

POLICE TRAINING ACADEMY

Once hired, a new police officer will attend Basic Training at an accredited academy. There is one

important note regarding this schooling: An officer must maintain a passing average at the school **AND** pass the Comprehensive Examination given the last week of school. *Failure to pass either can result in immediate termination of employment from the Department.*

DEPARTMENT TRAINING

Upon completion of Basic Training, officers return to the Department for additional classroom and practical training, which is specific to the Rockford Police Department.

FIELD TRAINING

Upon completion of classroom training, a recruit officer will begin a period of "on-the-job" training. During this 20-week period, the officer will work with Field Training Officers, will be taught various aspects of the job, and will be evaluated regularly.

PATROL OFFICER

Upon successful completion of the field-training period, the officer will be assigned as a patrol officer. This usually means working alone, in a marked squad car, on various shifts.

ADVANCEMENT

As an officer moves through his or her career with the Department, there is a potential for advancement to positions, such as investigator, or ranking positions, such as Sergeant and Lieutenant.

GENERAL INFORMATION

An applicant for the police officer position should be aware that the Rockford Police Department works three ten-hour shifts in the Patrol Division, as follows:

6:30 A.M. to 4:30 P.M.

4:00 P.M. to 2:00 A.M.

9:00 P.M. to 7:00 A.M.

Upon completion of the training program you will be assigned to a patrol shift. Once a year you will have the opportunity to bid for the shift of your choice. Assignments to the shifts will be determined by your seniority on the department.
